

# Mobile Electric Power Solutions, Inc.

## SeaPower™ 5.1kW-6.3kW-8kW Systems

The 5.1kW-6.3kW-8kW systems includes the Generator, ACU, Remote Panel and specific connectors and cables.

### Features

- Crystal-controlled pure sine wave AC power
- Increased power at a lower RPM
  - fuel economy
  - noise reduction
  - pollution reduction
- Designed for governmental and commercial markets requiring 5,100-8,000 watts of **on-the-move power**
- Proven itself in demanding industries
- Developed to meet the special needs of governmental agencies and military programs
- Reliable and Durable
- Economical
- Remote Panel- multifunctional
  - switches the system between on and standby
  - indicates operational characteristics
  - detects system issues and will assist in troubleshooting issues

**Available Options** •Clutch Pulley
